

Future-ready weight and GLP-1 management starts here.

As healthcare costs and GLP-1 demand surge, employers need smarter weight management benefits to manage near-term and future spend.

EXPECT MORE. GET MORE. CHOICE AND COST CONTROL.

Farewell to one-size-fits-all programs, and welcome to a new era of flexible, scalable weight management benefits.

Wondr Health combines our proven, behavior-based weight loss program with configurable options to build a full-spectrum solution that fits your business and budget, with no risk or added cost.

CONFIGURABLE OPTIONS

GLP-1 access and clinical support

Choose 100% employee self-pay, 100% employer-covered, or cost-share.

In-network nutrition services

Optimize benefit plans and reinforce behavioral skills.

Connected scales

Boost engagement and drive better, sustained outcomes.
